Updated : 2026/01/15

The following is based on an investigation of raw materials in accordance with the Food Labeling Act,

◆ Nutritional component values are based on analytical values or the Standard Tables of Food Composition in Japan, 7th Edition. Values shown are standard values based on formulation. Since each product is handmade, there may be errors in the numerical values of the actual product. ◆ Allergy information may contain ingredients that are not originally used in the product, mixed in during factory production or store cooking, and some ingredients may differ depending on the store, and therefore are not absolute. When in doubt, please consult with your doctor prior purchase.

※ Values shown are per serving. (Some are for every 100 grams)

※ If the component value is 0, this means an item does not contain or only contains a minor amounts. If it is not analyzed, it is displayed as (-).

※ Condiments such as coffee cream are not shown. Please see the table below.

※ Please note that the information will be updated periodically as the product offerings change.

※ Not all products are available at all stores.
